New Business

**Personal Message to
Outgoing President Frank Mellott, KB3PQT and CARC Members
November 19, 2025**

Thank you Frank, for your very devoted and productive years in CARC leadership. Thank you too for endorsing me, and Charlene, to fill these roles. We've regularly attended club meetings at Hoss's and Caffe 101, activated club events and attended club social events. October's meeting was revealing. Both Charlene and I saw the need for an invigorated leadership team. We talked it over and chatted with others. With encouragement, energy and a plan, we volunteered to help the club immediately in leadership roles.

Looking inward...

CARC members join in common cause - ham radio - but we are hardly a "one size fits all" group!

Looking back...

Back in the '70s, CARC's Field Day combined operating and socializing at a mountaintop cabin. I was guest CW operator then, joining more recently and celebrating CARC's 60th birthday. Thanks to every CARC member along the way. Together we have achieved this huge milestone! What a foundation.

Looking forward...

Beyond the expanse of ham radio, members share other interests as well. Voila! CARC's **Beyond The Airwaves** program is born! Besides the monthly all-club meetings, watch announcements for these other activities, as suggested and supported by membership. Watch for a revisited all-club meeting experience this year.

What. When. How. Watch for a fresh focus on communications.

Since rejoining CARC in 2020, I've met great people and continue to learn much from you – even some technical stuff! The energy is contagious. Together, let's see what kind of fun our 47 members can get into!
